BASF's feed additives make your choice easier:

SAFETY	BASF products meet highest safety standards and regulatory requirements — worldwide.
QUALITY	BASF supplies products of excellent purity, stability, and performance. The product quality is constant and reproducible. BASF applies highest quality management standards.
TRACEABILITY	BASF provides traceability information about its feed additives via GTNet — flexibly and independently accessible to customers anytime and anywhere in the world.
SUSTAINABILITY	BASF integrates ecological and social responsibility in its business activities and makes sustainability quantifiable via independently certified eco-efficiency analyses.
RELIABILITY	BASF is an absolutely reliable supplier in all matters. BASF has an integral supply chain and logistics management — regional distribution centers allow high supply reliability in major markets. Customer service centers are available in all regions and in major countries.
INNOVATION	BASF constantly develops new product formulations that target the current and future needs of the feed and pet food industries.
COMMITMENT	BASF is a global leader in feed additives forming the best team in the industry, and is fully committed to the feed, and pet food industries.

BASF Nutrition — the healthy decision.

Abbreviations

BHT = 3,5-di-tert-butyl-4-hydroxytoluene	 = Pets
CWD = Cold-water-dispersible	 = Aquaculture
DCP = Di-calcium phosphate	 = Ruminants
FTU = Natuphos phytase unit	 = Poultry
G = Granulate	 = Swine
I.U. = International unit	
L = Liquid	
MCP = Mono-calcium phosphate	
TGU = Thermostable endo-glucanase unit	
TS = Thermostable	
TXU = Thermostable endo-xylanase unit

Vitamin A											
Lutavit A 500 Plus	Powder	500,000 I.U. of vitamin A per gram							30040362 (sold in Asia/Pacific only)	25 kg plastic bag	50011048
Lutavit A 500 S	Powder	500,000 I.U. of vitamin A per gram							30040363	25 kg bag in box	50053284
Lutavit A 1000 Plus	Powder	1 million I.U. of vitamin A per gram							30140185	20 kg plastic bag	50369967
Lutavit A/D ₃ 1000/200 Plus	Powder	1 million I.U. of vitamin A and 200,000 I.U. of vitamin D ₃ per gram							30157862	20 kg plastic bag	50369596
Vitamin A-Palmitate 1.7 Mio I.U./g	Oil	1.7 million I.U. of vitamin A per gram							30041032	25 kg plastic bucket	55857164
Vitamin A-Palmitate 1.7 Mio I.U./g	Oil	1.7 million I.U. of vitamin A per gram, BHT stab.							30041041	25 kg plastic bucket	56283178
Vitamin A-Palmitate 1.6 Mio I.U./g	Oil	1.6 million I.U. of vitamin A per gram, for feed use (oral), BHT stab.							30041042	25 kg plastic bucket	55800030
Vitamin A-Propionate 2.5 Mio I.U./g	Oil	2.5 million I.U. of vitamin A per gram, for veterinary use (oral and parenteral), BHT stab.							30041062	25 kg plastic bucket	55796320
B-Vitamins											
Lutavit B ₂ SG 80	Granulate	80% riboflavin							30215030	25 kg plastic bag 500 kg big plastic bag	54690103 54690209
Lutavit Calpan 98%	Granulate	98% d-pantothenate							30041184	25 kg plastic bag 500 kg big plastic bag	50011144 50738476
Choline Chloride 75%	Liquid	75% choline chloride							30041094	1100 kg bulk container Bulk	50481584 50036955

¹ The contents indicated are minimum amounts of active substance.

GMO status: no labeling requirements for our products according to Regulations (EC) No. 1829/2003 and 1830/2003. Further information is available upon request.

BSE/TSE status: our products do not contain any material derived from ruminant origin. Vitamin D₃ is an exception; it is produced from cholesterol that originates from sheep's wool grease ("fit for human consumption"). Further information is available upon request.

Note: National regulations may vary and need to be considered prior to product use.

Nutrition Ingredients

BASF's Nutrition Ingredients business unit is a leading supplier of nutritional ingredients and feed additives. The product portfolio for animal nutrition includes vitamins, carotenoids, enzymes, organic acids, omega-6s, and other feed additives. BASF offers products of outstanding quality produced with modern, state-of-the-art technologies. BASF also combines technical services and scientific expertise to meet the highest demands and to deliver the best value to the industry. Premium formulations are a key strength that has made BASF a leader in the industry. Further information is available at www.nutrition.basf.com
